

Are you easily tired?
Is your work a
burden? Do you
often feel weak
and faint? Is
your appetite poor?
Are you easily dis-
couraged? If so, your
nervous system is weak-
ened, your blood is impure,
and serious illness is not far
away.

AYER'S Sarsaparilla

was made for just such cases.
When the blood is impure
the whole nervous system be-
comes poisoned. It is im-
possible to throw off that
terrible feeling of depression,
and there is no ambition to
work. Ayer's Sarsaparilla
will purify, vitalize, and en-
rich your blood, and life will
again be worth living.

As now made, Ayer's Sarsaparilla contains no alcohol.
There are many imitations
Sarsaparillas.
Be sure you get "Ayer's."

HELD UP BY A COAST CONCERN

American Editors Turn to Canada
for Steamer When American
Company Proves Hog.

Thirty-two thousand dollars is the
figure named by a Coast steamship com-
pany to the National Editorial Associa-
tion to bring an editorial excursion to
Honolulu on a special steamer. As the
steamer could accommodate about two
hundred persons this would make the
per capita cost \$160, considerably more
than the steamship companies charge
for a single round-trip ticket. J. P.
Baumgartner, president of the National
Editorial Association, who has been in
correspondence with Secretary Wood of
the promotion committee for the past
two years over the proposed side excur-
sion of the editors, following their regu-
lar convention which, in all probability,
will be held in California this year,
says that it will be necessary to reduce
the per capita steamer expense if the
excursion is to be successfully planned.

Mr. Baumgartner states that a special
steamer will have to be chartered, but
the lowest rate is \$32,000. In San
Francisco he got some encouragement
from a tentative figure quoted him of
\$25,000. He states that Will E. Par-
rott, the corresponding secretary of the
association has been in correspondence
with the Canadian-Pacific Railway people,
and he expects to get quotations of
\$25,000.

Mr. Baumgartner reiterates his hope
that \$5,000 may be subscribed locally
toward the excursion, which \$5,000
would be devoted to writeups in the 300
newspapers represented in the National
Editorial Association, prior to the ex-
cursion. This would be a great help.
If the steamer could be gotten for \$25,
000 the per capita would be reduced to
\$100, and that would satisfy them all.
They can get that rate on the Oceanic
line but the reservations would be lim-
ited to seventy or eighty persons.

The promotion committee finds itself
in a peculiar position. They want the
editorial association to come here, but
have no finances to help. The promotion
committee looks to the parent bodies—
chamber of commerce and merchants' as-
sociation—when big finances are men-
tioned, and the merchants association
has turned its thumb down, and the
committee of the chamber of commerce
to whom was referred the matter, has
taken a negative attitude. The mer-
chants' association referred the matter
to the newspapers of the city to handle,
and that is as far as it has gone.

Mr. McNerny did a little pencil fig-
uring. The sum of \$5000, he felt, was like
bread being cast upon the waters. He
realized that while such a crowd of ex-
cursionists would spend a lot of money
here, yet prospective contributors to a
\$5,000 fund can not see where the re-
turns are unless the \$5,000 is turned
into one basket where they can see it.
Mr. McNerny said that the \$5,000
would be returned quickly after the ex-
cursionists were here, in the general
venues of trade, and there would be
a lot over. He asked why Los Angeles
subscribed \$200,000 for an aviation
meet. Because they knew \$400,000
would be returned.

BRIDEGROOM MADE TO COMMIT PERJURY

Chicago Minister Attacks Alleged
Weakness in Marriage
Service Forms.

CHICAGO, June 7.—The marriage
ceremony of the Episcopal Church and
many other denominations was declared
to be in need of vigorous revision in an
address by the Rev. William B. Mil-
lard, pastor of First Congregational
Church of Maywood, at a meeting of
the Chicago Congregational Ministers' Union.

"It isn't the buffoons who throw rice
and old shoes, nor guests who outrage
hospitality by stealing baggage and
scattering suggestive circulars, who
make marriage a mockery," said the
clergyman. "It is the minister."

Bridgroom Perjurer.
When the minister requires the
bridegroom to say "With all my worldly
goods I thee endow," in most cases he
becomes an accomplice in conscious
perjury. The bridegroom doesn't en-
dow her either in law or in fact and
has no intention to do so.

"Another farcical feature is the 'giv-
ing the bride away,' which goes back
to those barbarous centuries when a
woman could not choose a husband nor
have any rights."

"On a par is the custom of requir-
ing the bride to promise to obey her
husband, a requirement based on the
old conception of woman's inferiority."

"And then, 'I make thee man and
wife,' suggests that the woman has
taken on wifely obligations, but that
the man's condition is unchanged."

Change Not Favored.
While a few agreed with particular
revisions suggested, the entire change
didn't appeal to Chicago ministers, who
commented on the address.

"There are always critics appear-
ing," said Dean Sumner of the Ca-
thedral of St. Peter and Paul. "I don't
think the points made worth discussing
and I don't expect the prayer book will
be changed."

"The idea of canceling the word
'obey' is one that I have," commented
the Rev. Robert Lincoln Kelley of
Washington Park Baptist Church. "But
I don't care for the other revisions."

NORTHWEST IS SO DIFFERENT

Promotion Agent Believes That
the Very Spot to Work for
More Tourists.

At yesterday's regular weekly meet-
ing of the promotion committee the
members took much interest and ex-
pressed their satisfaction at the work
being done in Seattle and the North-
west generally by Mrs. Frances Head-
lee, the committee's Coast representa-
tive. She is working systematically
and her letters to the committee give
interesting details. On June 21 she
wrote:

"Yours of the 27th received. You
have no doubt received several letters
from me since that date relative to the
opportunity there. I, too, feel that this
field is one in which our work is espe-
cially favored, for no two localities
could be more dissimilar in climate,
products and attractions, than Hawaii
and this great Northwest country;
hence there can never be any conflict
of interests. This section with its lakes,
forests and mountains is an ideal place
for islanders to spend the summer;
while Hawaii with its palms, flowers
and sunshine is ideal for the residents
of this country in the rainy winter
months; thus a fair exchange can work
no injustice. Here, they need your
pineapples, your coffee and your sugar;
and you need their apples, their peaches
and their pears, as well as the product
of their mills and factories, and the
grain of the Inland Empire. There is
no reason why cordial trade and travel
relations can not be developed and
maintained between Hawaii and the
Sound district."

"The above suggestions I shall men-
tion before the commercial club of
Tacoma tomorrow night where I am
scheduled for a lecture. I shall also
suggest the appointment of a special
standing committee having island inter-
ests in view. I have already mentioned
to several commercial bodies the idea
of a business men's excursion to the
Islands shortly after the first of the
year and have made inquiries concern-
ing a suitable steamer. If that can not
be secured will endeavor to secure nec-
essary reservations in advance."

"I have noticed that most of all of
the restaurants, cafeterias and cafes, as
well as the diners on the different rail-
way lines serve pineapple regularly and
many of them designate it as Hawai-
ian pineapple. Everywhere I hear of
the splendid exhibit made by Hawaii
at the exposition. The advertising value
of the fair can scarcely be estimated."
"From your letter I judge you think
L. A. not so valuable a field for ex-
ploitation; but I consider that there is
no better any where for at least four
months of the year—January 1 to May
1. During that time people of means
are there from all parts of the United
States and from almost every civilized
country of the globe; and while it is
true that some of them have their
plans all made when they arrive there,
still the idea of Hawaii for the next
trip west is firmly planted and I know
that a great many persons got their
first idea of a trip to Hawaii through
that field."
